To The Chief Engineer, P.W.D. M A D R A S.

Through the Special Commissioner, Malabar.

Sir, Ref Memo No. 5173 Wks-A/21-3 dated 3rd Februa

In enclosing herewith the estimates received w your letter referred to above and a copy of the Bellary Sub Divisional Officer's letter No. 4476 dated 21st January 1922 thereon I have to state that the work is all completed and estimates have been checked as far as possible.

2. The main item in the estimates is the barbed wir ~~tire~~ fencing. The rates provided for it are different in the two estimates Rs. 50/- per Cwt in one and Rs. 21/- in other. From the report forming the annexure to letter No dated 11th November 1920 of the Deputy Director of Militar Works, Bangalore District, it is seen that all the wire wa tained from other Government worksand the provision made i the estimates appears therefore to be the amount to be fix for effecting the adjustments. The Deputy Director sugge in the same letter that the wire should be valued at Rs. 1 per Cwt and that the railway freight should be calculated from Calcutta to Bellary The Jail Superintenedent, B however considers that a value of Rs. 10/- per Cwt deliver Bellary is a fair price. The January quotations of two o firms in Calcutta are Rs. 22/- and Rs. 17/-. I am therefo of opinion that Rs. 20/- delivered at Bellary is a fair val tion.

PUBLIC WORKS DEPARTMENT.

* * * * *

I. The Deputy Assistant Director of Military Works, forwards, for the administrative approval of Government, ~~the~~ two approximate estimates one amounting to Rs.38.492 and the other to Rs.10152, both for the conversion of temporary buildings at Bellary to accommodate M Malabar convicts ~~about 1000 strong~~.

II. (a) The two estimates have been examined and it is observed that ~~the~~ old barbed wire fencing has been obtained from the Madras Government, Ahmednagar and Bangalore Brigade while the rates allowed are Rs.30 per cwt in one estimate and Rs.21 per cwt in the other and binding wire has been ~~provided~~ priced at Rs.56 and Rs.30 per cwt respectively. The Deputy Assistant Director considers that, in view of the quotations from a Calcutta firm, a rate of Rs.19 per cwt. of wire fencing would be sufficient. The Superintendent Jail Camp Bellary is however of opinion that as only old wire was used a rate of Rs.10 per cwt. would be fair while the Superintending Engineer suggests that a rate of Rs.20 for wire fencing and Rs.30 for binding wire might be allowed.

(b) However as the works are said to have been completed, the Chief Engineer considers that, for the purpose of administrative approval, the estimates might be corrected by allowing the rates

rates recommended by the Superintending Engineer. The charges under tools and supervision amount to 22½% in the estimate of Rs.10152 as against 24½% in the other. The former may also be increased to 24½%. By carrying out these modifications, the amounts of the two estimates have been reduced from Rs.38492 and Rs.10182 to Rs.33039 and Rs.10063 respectively.

(c) The ~~Superintendent Jail Camp Bellary~~ Inspector of Prisons points out that no credit has been given for the ~~xxxxxx~~ convict labour employed and the Deputy Assistant Director Military Works will naturally report in ~~usual~~ due course the actual expenditure incurred.

III. With these remarks the estimates of Rs.33039 and Rs.10063 as altered in the Chief Engineer's Office are recommended for the administrative approval of Government.

"Referring to your No.10372 dated the 28th November - - 1921 which is returned herewith, I have the honour to report that the following additional works are urgently needed.

	Estimated cost
1. Provision for 154 extra seats at latrine.	3409/-
2. Fly proofing cooling rooms.	23[illegible]/-
3. flooring cook houses and cooling rooms with Cuddawwah slabs.....	[illegible]774/-
4. Provision of an extra 1½' pipe line to camp from water main.....	[illegible]1256/-
5. Provision of a storing and washing trough and platform 200' X 4' X 2' capacity 20,000 gallons.	2000/-
Total.	9777/-

This work can be completed in one month from commencement.

2. Folio 27. The price of wire reported i.e., Rs.19/- per cwt. is excessive. New wire can be obtained for Rs-16/ than per cwt. and the consumption would be 30 per.cent less/the old wire actually used and the labour required would also be considerably less. Rs.10/- per cwt delivered Bellary is a fair price for the wire supplied."
